SUPPLIES YOU'LL NEED

- 1/4 yard tulle
- 8-inch embroidery hoop
- 1/2-inch wooden dowel
- Colored wire
- Scissors

HOW TO ASSEMBLE

Loosen the screw on the embroidery hoop and remove the center ring. Pull the center of the tulle through the ring just enough so there are no gaps, then slide the outer ring back on and re-fasten the screw. Trim away any excess fabric. Wrap colored wire around the end of a wooden dowel, then use the wire to attach the dowel to the embroidery hoop to make a handle.
